

Homelink is currently seeking Home Respite Workers

- Would you like to make a difference to carers' lives and feel a sense of purpose in an extremely rewarding role?
- Do you enjoy leading activities, and building strong relationships with others?
- Do you have a caring, warm and understanding nature?

Homelink are expanding and are now offering a new home respite service tailored to the needs of individual carers to give periods of respite for a minimum of 2 hours morning or afternoon.

As a Home Respite Worker you will provide respite for a carer by sitting with an elderly client in their own home, so allowing the carer to take a break from their demanding role. During this time you will provide companionship and deliver a stimulating activity programme for the client. Home Respite Workers will not be required to provide personal care.

You will need:

- Experience of working with elderly people ideally those with dementia
- Good communication skills and an ability to demonstrate initiative
- A high level of professional integrity and honesty
- Good punctuality

Benefits:

- Flexible working on a zero-hour contract
- Good hourly rates of pay
- Milage allowance
- Working hours to fit in around your own commitments
- Full training
- Free uniform

Please note: You will ideally need to be within a 10-mile radius of Whitton and have access to your own vehicle.

This position is subject to an Enhanced Disclosure and Barring Service (DBS) check.

COVID-19 considerations: All Personal Protective Equipment is provided

Please contact Julie Petson for a copy of the job description, a job application form and/or more details about the role:
